Purpose

The purpose of the **COVID-19 Related Rental & Utility Assistance Guidance** is to provide information to all stakeholders to assist individuals and families who are experiencing economic hardship related to COVID-19. The economic hardship may be due to loss of employment, loss of hours of employment, sickness, or any other direct or indirect cause due to COVID-19.

Community Services Department (CSD) Resources

County residents who are eligible, can still access emergency rental and utility assistance online by visiting our website or by calling the following phone numbers:

Eligibility Guidelines for all CSD Programs Related to COVID-19

Eligibility criteria, such as Federal Level Poverty Guidelines (FPLG) will remain the same for each individual program. However, due to the COVID-19 crisis, additional provisions related to client documentation have been added to make it easier to determine eligibility for all CSD Programs. The below provisions apply to all services/ programs listed in this document.

- I. Disaster/Crisis-related unemployment may create circumstances where many individuals or families that may not have been eligible for assistance prior to the disaster/crisis may now be eligible. CSD will use the following three possible approaches to comply with income eligibility when paystubs or lay-off letters cannot be provided.
 - “Presumptive eligibility” determinations are based on unemployment (access unemployment application at <http://www.floridajobs.org>;
 - The use of short, signed declarations or affidavits of eligibility (Declaration of Zero Income Form);
 - Accepting eligibility certification paperwork from another federal or state program (DCF or Housing Information).
- II. Clients must reside in Palm Beach County.
- III. Clients applying for rental assistance may have to provide proof of savings. An asset limit of \$2,000 per individual or \$3,000 per household may be required, depending on the funding source.
- IV. Clients on subsidized housing programs do not qualify for rental assistance, unless only applying for a rental deposit. Proof from the housing agency will be requested. Clients applying for utility assistance will qualify for benefits minus their utility reimbursement amount.

Community Action Program (CAP)

Benefit Limits

In any combination, the maximum benefit per household combining both CSBG and LIHEAP programs is \$2,000. This limit applies to emergency-related benefits per household for expenses incurred because of COVID-19. Benefits provided under this guidance do not waive eligibility criteria.
